Upper Cumberland CULTURAL SURVEY

Artists connecting artists through a partnership between the Upper Cumberland Arts Alliance and the Tennessee Arts Commission

Thank you for participating in this cultural inventory of residents throughout the 14 counties of Tennessee's Upper Cumberland region. This survey intends to provide a count and description of the artists, their skills and media in our area, as well as a network of individuals, cultural organizations and resources of those artists who choose to be included in both a printed and online directory. The editors reserve the right to edit text submissions. This research is being conducted by UCAA representatives during early 2009.

Please print

1. Contact information for the organization, guild, group, gallery or showroom

Name _____ Date _____
